Dear Brother

Sister E. arrived safely at about 1 o'clk this P.M. I found her on board the S. Boat. She is not very well this evening. It is however merely the effects of her journey I presume.

We are all well. Nancy has nearly recovd from the severe sickness under which she suffered last week.

I have no recollection that your keys were ever in my possession nor has Nancy. Your papers I shall send or bring to you soon.

As soon as the session of our County Court terminates which I hope will be in the early part of, or at least during next week I hope to see you. state Convention with me I can scarcely realize that you have returned.

Above I send you a draft on Sister E. A. for Six hundred & fifty dollars. I shall soon send you still more probably $350 within a week.

I wrote Potter a short time since that you would want the bal. of his debt when you return. Shall I say anything more to him?

Affec. yr brother
Charles Robinson
